CHRONO

DIRECTOR OF CENTRAL INTELLIGENCE
Security Committee

SECOM-D-620

20 AUG 1979

MEMORANDUM FOR: Members, DCI Security Committee

FROM:

[REDACTED]
Executive Secretary

25X1A

SUBJECT: Interagency Training Center Resources

[REDACTED] 25X1

1. The briefing on Interagency Training Center (ITC) resource needs given at the 15 August 1979 Security Committee meeting included several detailed presentations on equipment requirements. Copies of the requirements listings are attached for information. During the briefing members were told that existing ITC equipment was outdated and rapidly becoming obsolete; and were advised that the increasing sophistication of TSCM equipment in actual use suggests that students undergoing ITC training should be able to use and gain familiarity with modern gear. The briefing also addressed the possible expansion of ITC to accommodate slightly larger classes. A copy of the cost estimate presentation for that is attached. Various alternatives for funding ITC needs were presented. These included charging tuition for students and the allocation of year-end funds by Community agencies which benefit from ITC services. [REDACTED]

25X1

2. Members are requested to review the attachments; explore within their departments or agencies the feasibility of paying tuition and of allocating year-end funds for equipment procurement; and come to the September SECOM meeting prepared to state official positions on these alternatives or to offer other specific proposals to meet ITC needs.
